EDUCATION

Bachelors of Science, Computer Information Systems
Devry University

Courses
- Completed coursework related to obtaining degree.

WORK EXPERIENCE

Over The Road Truck Driver
Prime Inc.

04/2020 - 06/2023   *Salt Lake City, UT*

Achievements/Tasks
- Maintained a 100% punctual delivery record, earning company-wide recognition and sustained customer loyalty.
- Acquired strong adaptability skills due to the unpredictable nature of over-the-road truck driving.

Assistant Manager
Extra Space Storage

03/2018 - 02/2019   *Atlanta, GA*

Achievements/Tasks
- Contributed to the management of a profitable store, consistently exceeding monthly revenue targets by over 15%.
- Oversaw 200+ customer relationships and secured 50+ positive Google reviews to further drive business growth.

Store Manager
CVS Health

01/2015 - 03/2018   *Decatur, GA*

Achievements/Tasks
- Supervised employees by coaching, training and development, promoting 3 cashiers to supervisors within 1 year.
- Reduced inventory shrink levels in a high-theft store from over 5% to less than 2% within first year of acquiring store.
- Consistently surpassed quarterly sales targets by exceeding them by over 3%.

SKILLS

HTML 5   CSS 3   Python   ReactJS   JavaScript

TypeScript   PostgreSQL   Git

Responsive Web Design   NodeJS   REST   NodeJS

PROJECTS

TrekTracker - Trail Finder Web Application
(07/2023 - 10/2023) ⬀
- Developed a dynamic biking and hiking trail application using React, NodeJS and TypeScript allowing registered users to discover, bookmark and annotate trails across all 50 states.
- Integrated Google Authentication, Firestore and Storage to manage user registration, trail data and image uploads.
- Efficiently merged data from TrailAPI, OpenWeatherMap, and Google Maps API, providing users with an interactive display of trails, real-time weather conditions, and a map pinpointing trail locations.

Meme Generator - React Web Application
(10/2023 - 11/2023) ⬀
- Implemented a user-friendly interface that seamlessly integrates with an image API to fetch and display a curated collection of the top 100 popular meme images, enhancing user engagement.
- Enabled users to personalize memes by adding their own text, offering a unique platform for creativity and humor.
- Integrated a flexible light and dark mode feature, catering to user preferences for a comfortable viewing experience.

CERTIFICATES

Front End Developer Career Path Certificate of Completion (10/2023 - 11/2023) ⬀
Graduated from an intensive 12-module bootcamp, dedicating over 70 hours to mastering advanced front-end development skills including HTML, CSS, JavaScript and React.

Full Stack Software Engineering Certificate of Completion (07/2023 - 10/2023) ⬀
Successfully completed a comprehensive 10-week software engineering bootcamp, acquiring foundational and advanced knowledge in key technologies including HTML, CSS, SQL databases, Flask, Python, JavaScript, TypeScript, and React.
